

Guelph Enabling Garden

Rescheduled from August 8

The Guelph Enabling Garden (GEG), located in Riverside Park, is a multi-use garden designed for everyone! It is specifically designed to enable people to enjoy the full range of benefits that gardening can provide.

Heidi Torreiter is a Horticultural Therapist at the garden. She works with people to connect them to nature for greater well-being. At this session, she will give us a tour of the beautiful garden, guiding us to use our senses as we explore. Afterwards, we will have some garden tea (bring a mug!), learn about current programs at the garden, and chat about how the Guelph Enabling Garden could better serve new Canadians in Guelph! Bring your suggestions for plants you would like to see in the garden and/or programs you'd like to see offered.

Monday, August 29
2:00pm - 3:00pm

Click date to register.
